| <b>Welcome/Introductions</b>            | Sharon started the meeting at 1:05, introductions were made.   |  |
| <b>Public Comment</b>                   | No public comment  |  |
| <b>General Announcements</b>            | No general announcements   |  |
| <b>Review of Minutes</b>                | Amy moved to approve 12/09/20 minutes, Diana seconded. All in favor. No opposed.   | Minutes from December 09, 2020 approved  |
| <b>Old Business</b><br>Teen Health Fair | Diana would like to continue to plan a drive-thru event to promote teen health. Due to COVID it is low on the priority list. Planning is difficult and having outside people on campus is concerning. Sharon wonders if there could be a virtual health fair that could allow organizations to do online presentations since the kids are on distance learning. Are kids going to the clinic to get pregnancy tests done or are they just doing at home testing? LifeNet isn't seeing a rise in teen pregnancies. Amy sees an overall increase in STDs and would love to be involved in a virtual health fair or at least provide a flyer that can be sent out to let them know of the testing services available. Lacey Hook, NP would be a great resource to speak at a virtual event. Not able to have mobile clinic taken to the schools for testing. Lacey is available 80% of the time, and can block her appointment schedule to allow her time to present. Diana asked if anyone has an idea | Diana to find out if a virtual event would be an option.<br><br>Sharon to email school nurses. |

|  | of how to accomplish or a reference of how it has been done, Sharon will reach out to school nurses. Teen Health Week is April 5-11, 2021. Visit <a href="http://www.collegeofphysicians.org">www.collegeofphysicians.org</a> for more information. Salisbury has a morning announcement and it could be a good time to share info or share a short video about teen health topic. |  |
| <b>New Business</b><br>Teen Pregnancy          | Sharon is hearing that teen pregnancies are increasing. Diana hasn't seen it as far as numbers but has also heard rumors and is concerned that due to distance learning there are some students that may not be getting services.  |  |
| MCAH Program                                   | Sharon and Michelle to review goals of the MCAH Program and see if this committee's goals can align with those and maybe need a modification.  |  |
